

EBC (ESPACE BRUNO CORBÉ)

Plunge into the real life field conditions of the Espace Bruno Corbé (EBC) in the center of Brussels.

The EBC is an unseen concept in the domain of humanitarian training:

- Medical and logistical experts are gathered together on 1 site, with all the necessary tools, to increase their efficiency in the field.
- People are trained in a flexible and modular way, putting the trainee in the center of the learning experience.
- Innovative solutions are developed on site, improving the execution of MSF projects in the field.
- The EBC reinforces the identity, culture and spirit of our organization.
